

WISCONSIN WILDCARDS

WISCONSIN STATE FORESTS

FLAMBEAU RIVER STATE FOREST

Managed to provide: places to have fun, resource protection, wildlife habitat and products we need—like paper and wood.

ORIGIN: A 1920s citizen effort to save the timber along the Flambeau River led to the establishment of the State Forest in 1930.

FOREST CHARACTERISTICS: More than 90,000 acres of northern hardwoods along the Flambeau River provide spectacular fall colors!

ACTIVITIES: Along with camping, canoeing the rapids is a very popular activity. Both novice and advanced sections of the river are available.

UNIQUE FEATURE: The Flambeau River flows for more than 75 miles through the Forest, providing wonderful views, high quality whitewater and habitat for wildlife.

For information: (715) 332-5271 (Forest Headquarters, Winter)
